Open on a dorm room. Jessi and Emma are talking when Kasey enters.

KASEY

(excited)

Oh my God you guys! I found a pill behind Trent's pillow! What do you think it is?

EMMA

I vote for Molly.

JESSI

My vote's on Adderall. "Everybody" has ADD. Unless it's Viagra...

KASEY

Shut UP Jessi! It's obviously not Viagra.

EMMA

Wait, give-it-to-me, I think I know what it is.

Kasey hands her the pill

EMMA (CONT'D)

Damnit! I was hoping for Ritalin but it looks different.

JESSI

Let's google it.

KASEY

You can't google a pill.

JESSI

Yeah you can, just google the description smh.

Jessi grabs the pill from Emma and examines it closely.

KASEY

Seriously, we're all right here, you can just shake your head irl.

Jessi types into her tablet.

EMMA

It's not Ritalin, is it?

A beat.

JESSI

That can't be.

KASEY

What?

JESSI

Well, I'm not tots sure, but it looks kinda like this picture of a roofie.

Kasey is stunned.

KASEY

There's no way. Lemme see.

(a beat)

But why would my boyfriend have a roofie?

JESSI

I can't even..

KASEY

(stuttering)

YOU can't even? I Can't can a-even
c an't

EMMA

Maybe it's for an experiment or something.

JESSI

Seriously Emma?? The only reason guys have roofies is for raping. Duh, Bill Cosby!

KASEY

I'm not dating Bill Cosby.

JESSI

All I'm saying is you might be. Do you ever feel like you lose time?

EMMA

Every day.

JESSI

Not YOU Emma. Fffft. I mean have you ever woken up not sure how you got home?

KASEY

I mean, yeah.

JESSI

With Trent?

KASEY

Well sometimes I drink a lot, I don't know..

JESSI

We should try it.

KASEY

WHAT?

JESSI

Supervise each other.

EMMA

I'm in.

KASEY

Seriously, what?

EMMA

I think it would be fun to know what it feels like to be roofied.

A beat.

Plus if it ever happens then you'd know so you could try to run or get Hel..

Emma fake faints.

KASEY

Come on...

JESSI

She does actually have a point.

EMMA

(waking up)

See! Let's COSBY ourselves!

JESSI

If we know how it feels, you maybe could recognize it early enough to get help and catch the guy who did it to you.

KASEY

You mean my boyfriend?!

JESSI

No, anyone. There'll probs be tons of copycats, so I think we're being super smart.

KASEY

Ok. So we should give it to Emma and watch her closely while she describes what she feels?

EMMA

Um, I'm not passing out in front of you guys while you stare at me, you gotta do it too.

KASEY

Maybe it would be good for me to see if I recognize feeling that way before.

EMMA

How about you Jessi, are you in for the ride?

JESSI

Don't say it like that! It's not a ride, we're talking about preventing sexual assaults.

(a beat)

Yeah, I'm in.

Jessi breaks the pill into three pieces.

EMMA

I hope there is enough for all of us...

KASEY

Why do I feel like this is wrong?

EMMA

Get over it, we're doing a *service* for people.

Jessi hands everyone a piece.

EMMA (CONT'D)

Bottoms up!

Emma pops hers in her mouth. The others do the same.

JESSI

I don't feel anything. Do you?

KASEY

Nope. It's probably an aspirin. We're so....whoa!! I think I feel a little dizzy.

Emma passes out.

KASEY (CONT'D)
What-the-Fu

Kasey passes out.

JESSI
Oh NO!!

Jessi passes out. A long beat.

Kasey sits up and takes the pill out of her mouth.

KASEY
FINALLY some peace.

BLACKOUT.
